## ABOUT ME

Frontend Developer with 3+ years of experience building fast, clean, and user-focused web applications. Known for turning designs into smooth, responsive interfaces using React, Next.js, Tailwind CSS, JavaScript, and modern component systems. Trusted by teammates for reliability, clear communication, and attention to detail. Recognized for writing maintainable code, solving problems quickly, and delivering high-quality work under deadlines. Not just building pages – focused on creating experiences users actually enjoy.

## WORK EXPERIENCE

### Hello Better Digital - Frontend Developer

2022-PRESENT

At Hello Better I've worked on a range of real-world web products, turning designs into fast, responsive, and user-friendly interfaces. My role focuses on building clean, scalable frontends, improving usability, and delivering reliable solutions that perform well across devices.

- Developed and maintained web applications using **React.js, Next.js, and Tailwind CSS**, including Yardstick, a benchmarking and user survey platform for parks and recreation.
- Implemented responsive, pixel-perfect designs using **SCSS**
- Built dynamic, **AI-driven content platforms**, improving usability and performance
- Created reusable UI components with **Storybook** for modular and scalable development
- Transport Booking System [Cityline] UI: Built with **Next.js & Tailwind CSS**, using **SCSS** for maintainable styling and a smooth user experience
- Joinery Company Website [Pooles Joinery]: Developed a fully responsive site using **HTML, JavaScript, and SCSS**
- AI-Driven Content Platform: Delivered a **Next.js & Tailwind CSS** frontend for an application featuring **AI-powered article generation**

## SKILL

- **Languages:** HTML, CSS, JavaScript, TypeScript
- **Styling:** Tailwind CSS, SCSS, Bootstrap
- **Tools:** Git, GitHub, Figma, Webpack
- **Frameworks/Libraries:** React.js, Next.js, Storybook
- **CMS:** Craft CMS
- **Soft Skills:** Teamwork, Communication, Problem-Solving, Adaptability, Attention to Detail

## EDUCATION

**C-CLARKE INTERNATIONAL INSTITUTE**  
Advanced AI & Software Engineering

2025 - Present

**LYCEUM INTERNATIONAL SCHOOL**  
Secondary Education

2010 - 2019
